

6516209871.txt

Hello,

I live in a rural area of Pennsylvania and am only able to receive two AM stations and about 5 FM stations -- none of which have adequate or entertaining programming.

Please do NOT fold to the pressure of the NAB -- I pay for the programming I receive on XM radio and they (the NAB) should have no say in the programming choices.

Thank you for your time and consideration.

Cordially,

Donald Leright
